CIC nanoGUNE, the Basque Research Center for Nanoscience and Nanotechnology located in Donostia - San Sebastian (Basque Country, Spain), launches the **2020 Master Scholarships Call** to provide master students in Physics, Chemistry, Biology, Materials Science, and Nanoscience with the opportunity to do their **Master Thesis** in the areas of magnetism, optics, materials, and bioengineering all at the nanoscale.

We offer up to 4 scholarships of 300 € per month for up to 10 months. To guarantee the development of the research project in the best possible way, **nanoGUNE** will offer rigorous scientific training, a close supervision, regular scientific seminars and colloquia, as well as access to suitable laboratory facilities.

We are looking for highly motivated graduates who are planning to complete their studies with a master degree and are furthermore interested in pursuing a doctoral degree at our institution.
