

MASTER SCHOLARSHIPS CALL 2025

Quantum Nanoscience | Nanomaterials | Nanomedicine

MASTER GRANTS FOR HIGHLY MOTIVATED GRADUATES

DEADLINE: 22 JUNE

RESOLUTION: 21 JULY

CIC nanoGUNE, the Basque Research Center for Nanoscience and Nanotechnology located in Donostia - San Sebastian (Basque Country, Spain), launches the **2025 Master Scholarships Call** to provide master students in Physics, Chemistry, Biology, Materials Science, and Nanoscience with the opportunity to do their **Master Thesis** in the areas of Quantum Nanoscience, Nanomaterials and Nanomedicine.

We offer up to 4 scholarships of 350€ per month for up to 10 months. To guarantee the development of the research project in the best possible way, nanoGUNE will offer rigorous scientific training, a close supervision, regular scientific seminars and colloquia, as well as access to suitable laboratory facilities.

We are looking for highly motivated graduates who are planning to complete their studies with a master degree and are furthermore interested in pursuing a doctoral degree at our institution.

ELIGIBILITY CRITERIA

- Graduates with a strong interest to start a scientific career in a nanoscience-related field.
- Candidates should have a good working knowledge of English.
- Candidates need to have been pre-registered and accepted at an official master degree at any European University. In all cases, an agreement with the University would need to be signed.
- This scholarship is not compatible with any other grant or funding awarded for the same purpose.

APPLICATION AND SELECTION PROCESS

- All our master projects will be listed at www.nanogune.eu/master-projects
- Applicants have to fill the **form** at the end of the description of each master project and must include their **CV** and **academic record**. Including a **motivation letter** is recommended.
- A candidate may apply to more than one master project by filling the application form for each project.
- It is recommended to get in touch with the scientist in charge of each project in order to obtain more detailed information about it.
- **Applications** will be accepted until **22 June 2025**.
- The selection process will start right after the application deadline and the positions will be awarded on a competitive basis taking into consideration the student's academic record as well as the rest of the information provided.
- The **resolution** will be communicated to the selected candidates by **21 July 2025**.
